

# INDUSTRIAL AIR COMPRESSORS

www.oemproamtools.com

IC-580H

IC-580V

**Standard Features:**

**Two cylinder cast iron pump** – head, cylinders, aftercooler, intercooler, and pump body

**Low RPM** for longer life

Oil sight glass for rapid level checks

Oil drain extension for easy oil changes

Tapered roller bearings

Five individual concentric disk valves

BALDOR industrial motor, low speed

Factory tested, shipped with proper oil level and **READY TO GO!**

Voltages available : 230/1 phase, 208-230-460/3 phases, 575/3 phases

**Options available:**

Magnetic motor starter, mounted and wired, for all popular voltages.

Automatic tank drain (installed).

Air cooled aftercooler: M-20
